

Cuyahoga County Convention Center

Client Objective

The Cuyahoga County Convention Center has the goal to provide guests with nothing short of a World-Class experience when they come to stay.

The Hilton Cleveland Downtown Convention Center Hotel opened back in June of 2016. It's one of the largest hotels in the city. Convention Center guests will get nothing short of a World-Class experience when they come to stay. This 32-story hotel has put Cuyahoga County in the running to host important national and international conventions, which will be great for the county.

Location	Cleveland, OH
Size	~500,000 SF
Design Services	IT & Security
Client	VOA Associates Inc.

The hotel is over 400,000 GSF and includes 600 guest rooms on 28 floors and 48,000 SF of event space. The 4-story podium consists of meeting rooms, retail space, ballrooms, and the lobby. The largest room setup is 20,825 SF total! There is a bar on the rooftop and the best view of the Cleveland Skyline the city has to offer.

NTI was the technology consultant on the Hilton Cleveland Downtown design team, which includes a 24-hr cafe with locally sourced food, a fitness center, and an indoor pool. Rooms are configured with updated technology like digital key cards, so guests open their room with their phones.

NTI Solutions in this Project

IT

Comprehensive cabling infrastructure, equipment room layouts, and distribution systems supporting network and TV services.

Security

Complete design for CCTV cameras, monitors, duress alarms, door contacts, keypads, and motion detectors.
