

Fellaship Cigar Lounge

Client Objective

The goal of this cigar lounge is to give their customers the meeting of culture, cigars, and quality cuisine under one roof while encouraging an atmosphere where guests call the lounge their "home away from home." The 4,600 SF bar designed by the Meyer Davis group is close to Mercedes-Benz Stadium. This lounge includes a dining room, bar, mezzanine level, glass-enclosed wine room, and a VIP lounge located behind moving bookshelves. This project came in at over \$7M to complete.

NTI is very proud to have been the technology consultant for Cam Newton's upscale lounge and restaurant Fellaship Cigar Lounge located in Atlanta.

Location	Atlanta, GA
Size	4,600 SF
Design Services	Structured Cable, AV, & Security
