

Stonebridge at Potomac

Client Objective

Stately architecture, lush landscaping, and first-rate amenities will make this stunning residence a standout. The 308 apartments are part of a mixed use project that includes 500,000 SF of total retail space, a 42,000 SF full-service health club, and a 138,500 SF Wegmans food market.

NTI served as the technology consultant on the design team for Stonebridge Apartments, a dynamic community of 308 units with the goal to bring their residents spacious apartments, lovely amenities, and a community that provides a beautiful backdrop for any lifestyle.

Location	Woodbridge, VA
Size	205,390 SF
Design Services	Structured Cabling, AV, & Security
Client	White Peterman Properties, Inc.

NTI Solutions in this Project

Structured Cabling

Equipment room layouts, outlet details, and cabling infrastructure for hardwired and wireless networks.

Security

Project-specific security infrastructure design, including CCTV video surveillance and robust intrusion detection systems.

AV

Custom audio-visual systems, control solutions, and complete MATV/CATV television cabling distribution systems.
